

A NOTE FROM PEGGY ABOUT CARING FOR AMERICA:

Time to report your hours!

Hi everybody

It is time to ask for volunteer hours. April to June quarterly hours will be due the end of June for any volunteer hours you have given to your community for Caring for America. Please send hours to me at the email below for any volunteer hours you have given to your community for CARING FOR AMERICA.

You can count any hours you have contributed to your community if you were NOT paid to do those activities, please count travel time as well.

Countable hours could be: Driving a neighbor to the doctor/grocery store/church, etc., picking up their groceries, cooking a meal for someone in need, driving them to vote, sending a sympathy/get well card, volunteering at the hospital, funeral homes, Pregnancy Resource Center, VA Hospital, Habitat for Humanity, walking someone's dog if they are unable to, visiting them in a retirement home, helping with the Red Ribbon project, asking for donations for Wreaths Across America, etc.; anything that is community related that you do not receive payment for. **There are so many things we do on a daily basis that slips our minds.** Think outside the box.

(BTW - If anyone is with me when we are doing an activity, I will keep your hours.)

If anyone has any questions about what they think could/should be countable hours, please call/text/email me. Thanks to everyone for your support for Caring for America!!
